#1032

#1032 Emergency Strobe and Indicator Light

The #1032 is a combination strobe (1 million candlepower) and 7 watt fluorescent indicator light that is contained in a weather tight and vandal resistant polycarbonate dome.

The unit provides leads capable of activating the strobe when connected to a contact closure and works with emergency intercom units for both the constant on and emergency strobe functions.

The 1032 strobe mounts to a 2-gang surface/bell box with optional strobe bracket #1033. The strobe is ideal when used with the #9625 and #62926 intercom remote stations. Each 1032 strobe requires a model #9689 Strobe Control Relay Board. The 1032 dome is available in standard Blue, or optional Red, Yellow, Green or Clear.

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS
