6201 Remote Handset

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The apartment handset(s) shall be Alpha Communications®/Elvox™ 6201 Petrarca style, or approved equal. At each remote apartment location, contractor shall furnish and install one (1) model 6201 handset. Each handset shall provide a private duplex conversation with the Entry Panel. Handset shall utilize an electret microphone. Signal shall be a pleasant tone from a dedicated speaker inside the handset. Handsets utilizing the earpiece for tone will not be acceptable. The Residence Station shall have a pushbutton for concierge call/remote activation of the door release. Optional restricted lock feature shall allow only the station in conversation with door to release lock. Up to 8 additional pushbuttons or other accessories shall be available. The residence station shall be wall mounted, desk mounted with a special desk kit or combined with a 6000 Galileo Video Monitor on a 6145 wall plate or 6142 Video Desk Kit.

Contractor shall observe all local and national electrical and building codes.

6201 2-Wire Petrarca Tone Ring Handsets

The Alpha Communications®/Elvox™ 6201 (Petrarca Style) apartment handsets are for use with the 2-Wire (1+1) Tone Ring Audio entry systems. The 6201 can be use standalone as an audio only station or combined with a 6000 video monitor using a 6145 wall pate or 6142 desk kit for a complete audio-video station. The 6201 provides full duplex conversation with the calling entry panel(s), concierge call/door release control and signal to activate the 6000 monitor when both are mounted together for audio-video operation. Optional restricted lock feature allows only the station in conversation with door to release lock.

The 6201 handset can also be used as a Master Station handset, in conjunction with the PC type Concierge Master Station, on the DigiBus™ type systems.

FEATURES

- Easy 2-Wire Intercom Hookup to Handset (1+1)
- Duplex Private Conversation from Handset to Entry Station
- Built-in (separate) Tone Speaker
- Can be used with optional 6000 series Video Monitor
